Hi John,
Attached is the list with salaries as of the 05/05/12 payroll. I included the step info for two staff with increases that will hit in this weeks posted payroll. I also threw in the seniority and education levels so you'd have all of the info in a single place. Let me know if you need anything else. Thanks.

Hi Grace – could you provide the updated salary related expenses for those employees planned for our consolidation? Step/anniversary dates would be helpful. We need this information as soon as you can provide it. Many thanks.....
